“...Honor Christ the Lord as holy, always being prepared to make a defense to anyone who asks you for a reason for the hope that is in you....”

—1 Peter 3:15

The apostle Peter followed Jesus closely for three years, providing the best possible example of what it looked like to live with endurance and holiness in a hostile world. During that time, Peter himself faced multiple experiences which challenged his young faith, and responded with varying degrees of success and failure.

Peter later wrote a heartfelt letter to believers of his day who were facing a variety of challenging circumstances. He calls his readers — both ancient and modern — to embrace the genuine hope that enables us to persevere: Christ will be with us, He will comfort us, and He will use our trials for His glory by refining our faith and strengthening our growth.

Our study this semester will explore the treasures in this rich, encouraging letter from Peter. Each lesson includes careful digging into the Scriptures, thought-provoking questions, and practical action steps. Our learning will be enhanced by meaningful discussion in small groups as we gather together each week.

Join us this Spring and become equipped to face life’s challenges with an enduring hope, which will shine brightly in our increasingly pessimistic culture.
