

Framework: What is a Godly Worldview?

God's Story

We all have a worldview, a framework that shapes how we live. It is the lens through which we see, understand, and interpret the world and our place within it. A Godly worldview begins with looking to the Word of God to understand the Story of God.

What is a Worldview?

“The framework from which we view reality and make sense of the world.”

When we look around and within where does the evidence point?

What is a Godly Worldview?

Creation (Genesis 1:1)

Fall (Romans 3:23)

Redemption (Romans 3:24)

Restoration (Revelation 21:1-8)
